Dear Malcolm

### **ADJUDICATION IN HARLOW**

I have no doubt that Don Langford, PAGB President, will write to you "officially" on behalf of the PAGB for the excellent manner in which the Adjudication last weekend was conducted.

I wish to add my personal thanks to the EAF for the great spirit that ran through the whole weekend. Many entrants, successful and otherwise have been in touch with me over the past 36 hours and all who attended thoroughly enjoyed themselves (some despite being disappointed at the outcome of their endeavours)

Although the PAGB team only descends for the weekend, my job involves liaising with the EAF long before that time. It is invidious to single out individuals (as you all worked so well as a team) but I must add my personal thanks to Daphne and Andy Hanson. If this was a business instead of a hobby, they would be classed as true professionals who made my life so much easier by heading up the organisation and reception teams.

I know of the problems that faced you regarding catering and everyone was very appreciative of all the efforts made by Naomi and Eric Saul to ensure that at least the judges, wives/partners and the team were well and truly fed and watered.

I should be obliged if you would convey to the EAF Council my appreciation of the teamwork which really did pay off – and don't forget to remind them of the part you played in making the weekend!

I knew, when I visited the EAF for your competitions earlier in the year, that the April Adjudication was in safe hands and am glad I was proved correct!

Best wishes,

Awards Secretary
